Each of these three parties is affected negatively by bullying. According to the circular dated March 9, bullying can be directly from the bully to the victim (e.g., through physical intimidation or attacks, verbal abuse, unwanted attention and advances, damaging property), or it can be indirect (e.g., through spreading malicious rumours). It can also include cyber-bullying (e.g., sending unpleasant SMS messages, photographs or emails, to the victim or to others). These minute details must be focused upon by committee members & close care should be provided to the one bullied.**
