SUMMER VACATION!

HOLIDAY ASSIGNMENT

CLASS - 2

Dear Budding minds,

As the summer sun shines bright and schools pause for a well-deserved break, it is important for our young learners to continue exploring, creating, and discovering the world around them. Keeping this in mind, the Summer Holiday Homework has been carefully planned to blend learning with fun and creativity.

I encourage all our students to make the best use of this vacation by reading good books, developing hobbies, helping parents at home, staying physically active, and spending time in nature. Small efforts made every day can create beautiful learning experiences and lasting memories.

Dear Parents, your encouragement and support play a vital role in nurturing confidence and curiosity in children. Kindly guide them with patience and positivity while allowing them the freedom to learn in their own creative ways.

May this summer vacation bring happiness, new experiences, and endless opportunities for growth and learning.

With Best Wishes
Dr.Nancy Sharma
Principal

The aim of designing the assignment is to enable our kids to accomplish the task independently and to improve skills in different areas of curriculum.

Guide lines for parents-

Physical Development-

- Take your child for morning or evening walk.
- Play different games like hide and seek, foot-ball, ludo, chess or other board games.
- Simple yoga, meditation, stretching exercises and dancing activities.

Language Development-

- Encourage your child to communicate in English.
- Select any random objects from your surrounding every day and allow your ward to speak a few sentences about the same, to develop the speaking skills.
- Read an age-appropriate book. Draw the characters using Graphic Organizer. Choose a book from the link and fill the book report <http://www.magickeys.com/books/>
- Assign them duties to finish house chores to make them independent.

Teach them the importance of life skills.

- Motivate them to conserve water, energy and other natural resources.
- Discourage them to eat outside and packet food.
- Try to minimise the exposure of your kids to the gadgets.
- Meet your friends and relatives
- Feed birds.
- Put a water pot outside the home for the stray animals and birds
- Please take note of following instructions.
- Prepare a systematic time-table and follow it firmly.
- Allow kids to complete their work on own under the parental supervision.
- Use the resources available at home for completing the assignment and craft work as well
- Revise all the syllabus done till now.

Label your Holiday Practice Work and submit it in a handmade folder, put in an eco-friendly paper bag made by you using old newspaper.

EVS

Dear students lots of waste is generated at home daily such as glass jars toilet paper rolls, cardboard boxes and plastic bottles. Make two bird feeders using these materials one for water and other for grains. Put grains/ food and water for birds. refill them daily to save birds from the scorching heat of summer. You can also keep a bowl of water for street animals. By using the waste material you also save the environment. Click pictures of the same, paste them on A4 sized sheet and write a slogan on save environment.

Water is essential for all living beings. It is a precious natural resource and should be used judiciously.
